

Nervous

People find just the help they so much need, in Hood's Sarsaparilla. It furnishes the desired strength by purifying, vitalizing and enriching the blood, and thus builds up the nerves, tones the stomach and regulates the whole system. Read this:

"I want to praise Hood's Sarsaparilla. My health run down, and I had the grip. After that, my heart and nervous system were badly affected, so that I could not do my own work. Our physician gave me some help, but did not cure. I decided to try Hood's Sarsaparilla. Soon I could do all my own housework. I have taken

Cured

Hood's Pills with Hood's Sarsaparilla, and they have done me much good. I will not be without them. I have taken 13 bottles of Hood's Sarsaparilla, and through the blessing of God, it has cured me. I worked as hard as ever the past summer, and I am thankful to say I am well. Hood's Pills when taken with Hood's Sarsaparilla help very much."

AUMSVILLE.

Politics have been ripe this week. We had General Weaver with his great net trying to draw all the silver men into one fold. He says only one thing can be corrected at one time, and as the silver question is on top, we must take that up first, so he talked all the time upon silver, and advised the faithful Populists to take the Republicans and Democrats by the hand and gently lead them into the silver fold.

The General was very honest, or partly so, he made no attempt to make us believe that the free coinage of silver meant bimetalism, but he admitted that it would drive gold to Europe, which he said would enable them to pay us a larger price for our wheat. He could see no way how our silver dollar or silver certificate are redeemable in gold. Poor man, with all his vast knowledge, to be ignorant on so plain a matter, and when Mr. Powell tried to show him how easy it was done, he refused to learn and ordered him off of the stand.

On Monday the combination show arrived. Soon the hall was filled and the show began. The Republicans and Democrats tried to outdo each other in their promises to be good if only allowed to be elected, and they seemed so honest and earnest that it seems too bad that they can not all have office, for we can't have too many honest men in office. Cyclone D'Arcy made no promises to be good. He was so full of wind and abuse of Barkley, that he had no time to make any promises. He had many friends before he came; he had very few when he left. Very few men like D'Arcy's plan of campaigning. By the time that he had finished his abuse, Mr. Barkley was fully wound up, ready for action. It took him fifteen minutes to unwind and every one thought D'Arcy would go home to his family, but no, he repeated the same abuse at Sublimity and at Stayton on the same day, losing votes for himself and gaining them for Barkley.

On Tuesday evening the Populist candidates were with us; gentlemanly good fellows—but laying all the hard times to the demonetizing of something in 1873 that did not exist at that time "the silver dollar" and promise us prosperity if we return to free coinage of silver again. They promise that wheat, oats, prunes, potatoes and hops would all bring good prices regardless of how great or how small the supply was. Any poor fool ought to know that hops are cheap now because silver was demonetized in 1873.

The Populists greatly enjoyed the abusive article in THE JOURNAL against the tin bimetalist of the Republican party, commonly called "gold bugs."

The plaster doctor has succeeded in putting a plaster on nearly every one in town. Whenever any man, woman or child meet each other the salutations are "How is your plaster?" and the answer is "Very well, thank you, how is yours?" A number of Populists are wearing them to correct their political views, to draw them from every thing but silver.

We were startled last week by hearing a leading Populist say "we believe in protection" the belief at that time was only 10 minutes old.

SCHOOL DISMISSED.—The public schools of the city were dismissed this afternoon, soon after they assembled, in order of the city superintendent, in order to give the children an opportunity to attend the Roland Grant matinee.

REPUBLICAN PLATFORM.

The representatives of the Republicans of the state of Oregon, assembled, call attention to the condition of industry throughout the country, as a proof of the necessity of returning to the policy of the Republican party under which there was general prosperity during thirty years.

We reaffirm the principles of the Republican national platform of 1892, and assert that the results that have followed the change effected by the election of that year have justified our protest against the national policy adopted by the Democratic party.

We believe that the government should have an ample revenue, with a sufficient surplus over ordinary expenditures to provide for constant defenses, for the steady building up of the navy, and for the constant reduction of the public debt. We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluation and discriminations as to localities, should be replaced by one framed on protective principles similar to that of the McKinley bill and arranged to give ample protection to American wages and American industry, and to restore the reciprocity policy of James G. Blaine.

We have always given protection to our shipbuilders. In late years we have neglected to protect our shipowners. We believe the Senate should restore to the policy of Washington and Hamilton, which by discharging duties in favor of American industries, secured 90 per cent of our carrying trade to American ships, and which, if now restored, would again revive our shipping and cause American freights to be paid to Americans.

The American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of both gold and silver as standard money with such restrictions and under such provisions to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and selling power of the dollar, whether of silver, gold or paper, shall be at all times equal.

The interest of the producers of the country—its farmers and its workmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

Resolved, That we earnestly endorse the proposed amendment to the constitution of the United States, providing for the election of United States senators by popular vote, recently reported from the committee on privileges and elections by Senator Mitchell and now pending consideration in the United States Senate.

Resolved, That the application of the Oregon delegation in congress to the president of the United States and now pending before him, praying a modification of his proclamation creating the Cascade forest reserve, is hereby earnestly approved, and we appeal to the president to grant the prayer of our delegation in congress.

We realize the importance and magnitude of the fishing industry on the Columbia river and would recommend that some provisions be made for a state hatchery for artificial propagation, and that the laws regulating the closed season be rigidly enforced.

That we endorse the efforts of our representatives in congress to secure repayment to the settlers of Oregon of the excess of \$1.25 per acre wrongfully collected by the government on lands located in the limits of the inclosed Northern Pacific railroad land grant now forfeited.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to the Pacific states and we demand its completion as speedily as possible by the government of the United States.

We hereby endorse the action of our senators and representatives in congress in their endeavor to secure grants of pensions to Indian war veterans.

We pledge the Republican party to a rigid economy in the expenditure of public money; to the reduction of excessive salaries; and the abolition of the fee system whenever possible, and of all useless commissions; and believe that no appropriation should be made to any school or charitable institution not under the control of the state and oppose the incorporation into the general appropriation bill of items for the expenditure of public money not authorized by law.

We demand the enactment of rigid restrictions on foreign immigration, both for protection of our country against illiterate and vicious classes from foreign lands and for protection of our labor and preservation to our own people of the remainder of our national domain.

We commend the policy of the Republican party in relation to internal improvements, and in particular in opening our waterways to commerce, and we denounce the illiberality of the Democratic party in these important matters.

Respectfully submitted,
T. E. FELL, Secretary.
SOL. HIRSCH, Chairman.

THE STAR OF HOPE.

"I had lost all hope and gone to my father's to die," said Mrs. MOLIE EVANS, of Mount, Corvallis, Co., Texas. "I gave birth to a baby a year ago, the 5th of June last," she adds, "and seemed to do very well for 8 or 9 days, and then I began to feel very bad, my feet began to swell, my stomach was all wrong and I seemed to suffer with everything that could be borne. I was in bed 5 months and there was not a day that I seemed to live. We had the best of doctors that our country afforded. I was a skeleton. Every one that saw me thought that I would never get well. I had palpitation and pain in the heart, terrible pain in my right side just under the ribs, terrible headaches all the time; a being down all the time; could hardly eat anything and it looked as if I would starve. All the time I would take such weak tremulous spells, and it seemed as if I could not stand it. There were six doctors treating me when I commenced taking your medicine. I had lost all hope and gone to my father's to die. I commenced taking Dr. Pierce's Golden Medical Discovery and my 'Favorite Prescription' together, and I took them regularly until I felt as if life was worth living again."

"I weigh more than I have weighed for ten years. My friends say that I look better than they ever saw me. The first two bottles did me more good than all the medicine I had taken. My stomach has never hurt me since. I can eat anything I want and as much as I want. If you want to use this in favor of your medicine, I am a living witness to testify to it, and will, to anybody who wants to know further of my case."

CASTORIA

for Infants and Children.

MOTHERS, Do You KNOW

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called soothing syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are sleeping narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Dr. H. Pitcher* is on every wrapper.

Our Great Features

THE JOURNAL is pre-eminently a paper for the people, in news, politics and editorial opinions.

Farm Department

THE JOURNAL does not pretend to be an agricultural paper, but keeps up a well-edited farm department, by a competent farmer, who knows the needs of the Oregon farmer. It also contains correct market reports.

Woman's Department

A large volume of social news and good home matter of interest to the feminine part of the family is one of the attractive features of THE JOURNAL, the only newspaper in Oregon employing a lady editor.

Youth's Department

This feature is one of great value to a family with boys and girls. THE JOURNAL will not publish wishy-washy stuff in this department, but good, bracing matter, of an entertaining and educating character.

A Modern Newspaper

THE JOURNAL is the first and only paper in Oregon to meet the hard times by reducing the price and sending out only what papers are paid for in advance, and runs no bills. All papers are stopped when the time expires. This is important, and you should take the benefit of it, instead of paying out more money for poorer papers. Subscribe now, and interest your friends in THE JOURNAL, if they are not already taking it.
